To which do you belong?

Are you among the blood-lust crowd that wreaks its wrath on women and babies? Or are you with and for those who are for progress, presperity and protection for the women and the weak?

Surely you are for those God loves. You love children; you are ready to fight for the honor of your women; for the protection of your "old folks at home."

You did not want to fight. You told the kaiser you did not want to fight. But he made you, and now you will! You're darned right, you will fight! Not for a day. Not for a week, nor a year. But NOW and until the day of the selectific murderer, thug, body-snatcher is gone by. Until the day when men and women and little children can walk the earth in peace and safety. Until well-poisoners, gas-dispensers and throat cutters are gone forever!

Fight! Well, I should say you WILL fight!

Until every shipyard in three thousand miles of coast line is putting freight and fighting vessels into the water.

Until every factory is fitted to capacity to turn out fighting materials as fast as used.

Until every sturdy shoulder is supporting and every eye sighting a gun in the ranks of sure-shot soldiers steadily winning the world war.

Fight? Great guns, how you will fight! They said you could not fight-you were not trained. But you CAN fight! You've never been licked and no nation is now going to do the trick-even if it is full of tricks and trickery.

Fight? Well, it's going to be your meat until "earth is once more a desent place in which to live."

Those who can't fight must buy Liberty Bonds. Are you a slacker or a trimmer or a Bond buyer? Where do YOU stand!
